

ENVIRONMENTAL GOVERNANCE IN KENYA

Key highlights

- Offers fresh insights and convergence of thoughts on pertinent environmental issues
- Avails a coherent and holistic analysis of the environmental governance situation in Kenya
- The authors have delved into the legal framework with vigour
- Edited by reknown scholars: C.O. Okidi, P. Kameri-Mbote and Migai Akech

The Centre for Advanced Studies in Environmental Law and Policy (CASELAP) at the University of Nairobi, Kenya – in collaboration with the Institute of Law and Environmental Governance (ILEG) have published a new book.

Published by EAEP, the book addresses all aspects of the environment including:

- Environmental law • Water • Economic Issues
- EMCA • Institutional framework • Forestry law
- Land tenure • Wildlife law • Forestry law • Mining
- Energy law • Genetic resources

The 21 thematic papers, each constituting a chapter are written by experts.

*... a commendable work of scholarship—rigorous in treatment without being overly academic. A great reference and illuminating material for field managers, and an insightful treatise for students of environmental science and natural resource management...
Prof J. L. Ole Kiyapi PS, Ministry of Environment and Mineral Resources.*
